NOTE TO PARENTS

We are pleased that your son/daughter/ward has been selected to attend a training course at one of our Cadet Training Centres (CTC) located in British Columbia. We hope that you are proud of their selection for this opportunity to learn valuable new skills along with over 3500 other Sea, Army and Air Cadets.

The enclosed Joining Instructions contain very important information to help you and your cadet prepare for their upcoming course. Please ensure that you read through these instructions in their entirety. It is important that you review the forms at annexes E through J.

The form at annex I is only required if the pick up or drop off point differs from the pickup or drop off point assigned in the movement orders and/or if the person picking up the cadet differs from the person signing the Offer and Participation Training Activities form. If a cadet is being picked up, it will be necessary for the adult who is picking them up to provide identification. This is done as a precaution to protect cadets.

Please be sure to check through the kit list enclosed carefully and help your cadet ensure that they have packed everything that they need for their course and that they are leaving extra items at home. It is important that all items brought to the CTC are properly labelled with the cadet's last name and first initial. Past experiences have proven that eyeglasses and running shoes are the most frequent casualties of kit, so please ensure that these extensively used articles are in good condition before your cadet leaves for the CTC.

Cadets sometimes experience symptoms of home sickness. We encourage cadets to stay in touch with their families through phone calls home so sending them with the knowledge of how to make a collect/calling card call will provide them with some reassurance. When your son/daughter/ward calls home feeling home sick, ask them about their friends at the CTC and encourage them to keep themselves busy. Help them to remember all of the highlights of the time they have spent here and give them some encouragement to keep going. Usually, these feelings pass when they stick it out.

The staff at the CTC are here to look after your cadet's well-being and we do our very best to help them along their way. Our first priority is the safety of the cadets and then we want to make sure that they have an enjoyable experience as they learn and practice new skills. If you have any concerns, you are encouraged to contact the CTC through the numbers provided in the Joining Instructions.

Sometimes, a cadet is unable to complete the training course for various reasons. If it is necessary for your cadet to be returned home for any reason, we will contact you first to make arrangements.

In order to successfully pass their training course, cadets are required to complete the entire syllabus of training. This means that they must be present for the entire period of training. Cadets may be authorized a short period of time away from the CTC in the company of an authorized adult (the adult must be authorized by the parent/guardian); however, this may only occur as the training schedule permits or in emergency situations. We appreciate your understanding and cooperation in this.

We look forward to having your son/daughter/ward at one of our CTCs this summer. If you have any questions after reading this package, please check with the officers at your cadet's home corps/squadron.

GENERAL

1. Congratulations on being selected to attend one of British Columbia's Cadet Training Centres (CTCs). Summer training courses provide opportunities to gain new experiences while you develop skills that will be useful in the Cadet Program and throughout your life. Our courses are built around leadership, discipline, and academic and physical endeavour. You will find your course challenging and you should also find it to be an extremely rewarding experience.
2. These Joining Instructions provide you with information you need to prepare for your CTC experience and it is important that you and your parent/guardian read through these instructions entirely.
3. All cadets will participate in a physical fitness program that will include calisthenics, running, swimming and a variety of sports.
4. Cadets attending a CTC are considered undergoing training. Parents are reminded that training occurs seven days a week commencing as early as 0600 hrs daily and concluding at 2230 hrs following a varied and active training day.
5. Cadet Training Centre specific daily routine and training schedules will be published at the CTC.
6. Cadets and Staff Cadets may be authorized a short period of time away from the CTC in the company of an authorized adult. The adult(s) must be authorized by the parent/guardian and noted on the parental consent form found at annex J. Completed forms are to be brought to the CTC by the cadet. Leave authorization is dependent on training requirements or in emergency situations. Leave passes are generally not available to cadets attending two-week courses.
7. Staff Cadets may have the opportunity to take day outings away from the CTC or activity site. These could be to a shopping mall or the nearest town, for example. Authority must be authorized by the parent/guardian and noted on the parental consent form found in annex J. Completed forms are to be brought to the CTC by the staff cadet.
8. If there are special restrictions (e.g. due to court orders, custody issues, etc.) or changes in authorization of who may take a cadet on leave, the Training Centre requires notice in writing, either by mail, by fax or by email.
9. Leave periods vary according to the training requirements at each CTC and parents should consult with the CTC staff before making any travel plans. Cadets are required to be in uniform when departing and returning to the Training Centre.
10. All cadets will be responsible for any training missed.

TRANSPORTATION - GENERAL

11. The Regional Cadet Support Unit (RCSU) Movements staff arranges all transportation for cadets to and from CTC. Details will be forwarded to the Corps/Squadron who will provide cadets with the necessary instructions and/or documents. Cadets traveling in groups are normally escorted and movements staff will meet cadets who must change aircraft, busses, etc. during their journey. If any difficulties in travel arrangements are experienced, the emergency contact number for the RCSU (Pac) Movements Office is: 1-866-668-8388.

12. Cadets shall travel to and from the CTC in C2 order of dress. The dress and deportment of all cadets shall be above reproach at all times.

13. Cadets aged 12 – 15 must have either **1 piece of government issued photo identification (Passport, BC ID) OR 2 pieces of government issue non-photo identification (Birth Certificate, Care Card).**

14. Cadets aged 16 and over **MUST** have **1 piece of government issued photo identification (Passport, BC ID, BC Drivers Licence)** and their provincial medical card in their possession while travelling.

15. The name on the photo ID must exactly match the name on the travel orders. If the name does not match exactly, you may not be permitted to board commercial aircraft. The cadet must have the above ID with them no matter the method of transportation. School identification or corps/squadron ID cards are not accepted.

16. Cadets are not authorized to bring private motor vehicles of any type to a CTC. Parents/guardians may transport cadets to and from the training centre if prior arrangements are made with the RCSU Movements staff through the Corps/Squadron Commanding Officer/summer contact. **If a parental/guardian pick up is to be made at the end of the course, the Request for Parental/Guardian Pick Up/Drop Off of Cadets form (annex I) must be completed and signed a parent/guardian.** Only the person authorized to pick up a cadet on this form will be permitted to transport the cadet away from the CTC. The person picking up a cadet will need to ensure that the proper out routine is done prior to taking the cadet from the CTC. Photo identification will be requested from the person picking up the cadet. This is for the safety and security of all involved.

BAGGAGE

17. Baggage entitlements and restrictions will be identified in the Travel Orders. The following are some general guidelines to adhere to:

- a. baggage must be tagged with identification tags, displaying your name, address, telephone number and corps/squadron number;

- b. garbage bags, pillowcases, and bags with broken zippers are not acceptable as baggage;
- c. do not take ironing boards to training centres with you;
- d. do not carry breakables in your baggage as we cannot guarantee they will arrive undamaged; and
- e. all aerosol cans should be placed in your checked luggage. Some airlines do not allow any aerosol cans on board (checked or carry on) without a pressure release valve.

18. The Department of National Defence is not financially responsible for lost or damaged baggage on carriers other than actual DND aircraft. In the event of lost baggage while travelling on a commercial carrier (Air Canada, WestJet, etc), it is the travelling individual's responsibility to report the loss to the applicable carrier as the financial responsibility rests with the carrier. RCSU (Pac) shall assist in locating the lost baggage and failing that, shall assist in the initial reporting to the carrier. Subsequent dealings with the carrier are the responsibility of the traveler.

19. Always make a checklist of everything in your checked baggage and your carry-on. This will assist you in filing a claim should it become lost. It will also assist you in your packing considerations for your next experience at a CTC.

20. Always have your Travel Orders and identification available.

21. Meals appropriate to the time of day are normally provided enroute if a cadet's travel extends over a meal period.

IN-ROUTINE

22. All cadets are processed through an in-routine upon arrival at the CTC. Cadets will be required to provide the following:

- a. course attending;
- b. Provincial Health card;
- c. eyeglass and other prescriptions (if applicable);
- d. signed copy of 'Offer and Participation Training and Activities' form;

- e. Parental Consent Form – Day/Overnight/Weekend Pass (Cdt #161) (if applicable); and
- f. any travel documents/tickets.

23. For cadet safety and hygiene and because of the large number of cadets attending the CTC, there is a need to conduct inspections of cadets and their property upon arrival and at other times during the training session. The main objective of such inspections is to ensure that each cadet has the necessary clothing and equipment required for his or her use during the CTC program, as per CATO 12-50, Searches and Inspections of Cadets.

24. A list of items that are prohibited or restricted by law or unauthorized by Canadian Armed Forces (CAF) policy can be found below.

25. Prohibited and restricted items shall be handed to the applicable police agency (military or civilian) except for the following which shall be discarded:

- a. tobacco products;
- b. alcoholic beverages; and
- c. pornographic material showing adults only.

26. Unauthorized items shall either be confiscated for the duration of the training or activity or sent back to the cadet’s home at the parents’ expense, whichever is more practical and economical, except for companion animals which shall be sent back.

PROHIBITED & RESTRICTED ITEMS	UNAUTHORIZED ITEMS
alcoholic beverages	altered ankle/parade boots
controlled substances (i.e. illicit drug or prescription medication not in the cadet’s name)	cutlass or sword
	knife or dagger
	laser pointer
explosive substance and ammunition	lighter, combustible product and fire starting product or equipment
pornographic material	
weapons (i.e. firearm, knife, brass knuckles, ninja stars, nunchucks, etc. and handcuffs)	machete, axe or saw
	motor vehicle (any type)
tobacco products	any animals
	electronic cigarette, including a cartridge containing nicotine solution
	reusable razor blades normally used in safety or straight blade razors

KIT REQUIRED

27. All course cadets will be issued a course T-shirt. Military and civilian clothing and equipment requirements are detailed below. All items should be clearly marked with the cadet's name and initials in permanent ink.
28. Cadets **MUST** ensure that all DND-issued items of clothing, especially footwear, fit properly before departing for training. There are no facilities for clothing exchange at the CTCs. Any necessary clothing exchanges must be completed at the local corps/squadron.
29. There are very few opportunities, if any, for cadets under training to wear civilian clothing while at a CTC, therefore cadets are encouraged to bring minimal civilian clothes. If civilian clothing is authorized, it must not be defaced, cut, ripped, or have drawings, lettering or other adornment on them that is offensive in nature. It should be noted that all clothing requirements not provided by the cadet corps/squadron is the responsibility of the cadet.
30. A formal mess dinner will be held for Staff Cadets prior to departure. Cadets may be authorized to wear formal civilian attire in place of the cadet uniform. Please contact the applicable CTC OR prior to departure to confirm requisite mess dinner dress.
31. Personal storage space within CTC accommodations is limited. Cadets are thus discouraged from bringing any items not specifically included in the relevant Kit List. Bringing valuables of any sort (personal electronics, cameras, jewellery, cell phones, etc.) is done so entirely at the cadet's risk. Cadets are responsible for securing their own possessions and the Canadian Forces accepts no responsibility for personal property. All personal items should be documented on a Record of Valuable Items form (annex H) which should accompany the cadet to the CTC.
32. To ensure a certain level of uniformity and standard of dress, all cadets are to bring at least two pair of shorts to be worn during physical activities and at other times as designated in the CTC orders. The shorts are to be dark blue, black or grey in colour, fit comfortably while not being too tight and extend from mid-thigh to the knees.
33. Civilian "hoodies" and/or jackets shall not be worn over uniforms. If you do not have a Cadet All-Weather Jacket with fleece liner, please speak with your Corps/Squadron.

ADMINISTRATION AND PAY

34. Our CTCs provide an on-site banking service. Cadets are encouraged to deposit any large amounts of money upon arrival and withdraw money as required to provide for one or two days spending.

35. There are no ATMs (commercial banks' Automated Teller Machines) located within the Training Centres. However, cadets holding their own personal banking or ATM cards may be provided periodic opportunities to access an ATM at nearby commercial or on-base locations.

36. Course cadets qualify for a training bonus of \$10.00 per day starting on the first day of training, to a maximum of \$60.00 per week for 6 week courses and \$40.00 a week for 2 and 3 week courses. The bonus is paid in instalments, at the end of one and three weeks' training and (for six-week courses) upon completion of the course. Interim instalments are paid in cash and the final instalment is paid by cheque.

37. Where a cadet is unable to finish their training course for any reason and is returned home, entitlement for the training bonus shall be determined on a per-diem basis for each day of attendance. Travel days do not count as training days.

38. Staff cadets will receive an advanced training allocation. The advanced training allocation is paid on the 15th and 31st of each month via direct deposit.

39. Cadets may wish to purchase such items as caps, shirts, fleece jackets, soft drinks or confectionary items that are available at the cadet canteen. They are responsible for personal hygiene materials including soap, shampoo and haircuts.

40. Pay phones are available within the CTC for personal calls.

ACCOMMODATION, MEALS AND RELIGIOUS SERVICES

41. Cadet accommodations are multi-occupant, gender-specific and access-restricted. Sleeping equipment consists generally of two-tier bunk beds. All bedding (sheets, blankets, pillows) is provided. Bed linen is changed weekly, and additional linen is available if required between linen exchanges. Security for cadets' personal belongings is provided by "barracks boxes" or steel lockers similar to those in school. Cadets are expected to bring their own padlocks. Combination padlocks are recommended and cadets may provide the combinations to staff during intake in case forgotten, staff can then provide the combinations to the cadet.

42. Ablution (washroom) facilities are not located in all of the quarters; however, separate gender ablution facilities are located close by. Cadets are required to bring appropriate clothing for the outdoor walk to the ablution facilities.

43. A free laundry service is available to all cadets at our CTCs. This service operates under a claim check system. As a large capacity of clothing is cleaned at any one time, all clothing is to be marked in permanent ink or labels with the cadets' last name. Course cadets are not to bring laundry soap.

44. Meals are prepared by qualified staff and served cafeteria style. Cadets are provided three meals a day plus snacks throughout. All meals are supervised. The menu is pre-planned to provide a well-balanced diet and menu items vary allowing cadets a choice of dishes.

45. CAF facilities do not offer allergen-free foods or food preparation conditions, and cannot ensure avoidance of certain ingredients in food preparation. Whenever possible, foods containing or prepared with identified possible allergens (e.g. nuts, dairy, and shellfish) are so identified when served; however, under Director Food Services policy, it remains the individual's responsibility to monitor their own food intake to avoid an allergen.

46. Personal stocks of foodstuffs (snacks, confections, beverages) are not permitted in living quarters.

47. There are no chapels or religious facilities at our CTCs. Arrangements can be made for cadets who wish to attend religious services at local places of worship, if requested. CTC Chaplains will be available for counselling or spiritual guidance if requested. Time will be allocated for personal reflection in a private setting if requested.

MEDICAL AND DENTAL

48. Cadets must be medically fit to attend summer training courses. It is extremely important that parents/guardians provide complete information on all medical conditions to the local corps/squadron staff prior to departure. If a new medical condition occurs prior to CTC training, that was not reported on the Detailed Health Questionnaire (DHQ) submitted in the fall at the Corps/Squadron, parents/guardians must notify the Corps/Squadron Commanding Officer who will liaise with the Regional Medical Liaison Officer (RMLO). Examples of a new medical condition include a new cast, recent surgery, admission to hospital, or a diagnosis requiring treatment.

49. All pre-existing medical conditions, medications being taken and special circumstances (including diet) must already have been disclosed on the DHQ submitted earlier in the training year. These health questionnaires are reviewed during the year by the RMLO to provide corps/squadron/CTC staff with continual precautionary or permanent medical limitations assessments on training possibilities.

50. Each CTC is staffed with medical personnel, including a physician, nurses and medical technicians during training hours, to provide a first-response level of medical services intended to deal with minor injuries and routine medical conditions. When necessary, individuals may be referred to local civilian medical facilities for more comprehensive diagnosis and/or treatment. The appropriate Provincial Medical Plan will pay for treatment received from civilian medical providers; therefore, cadets will be required to have in their Provincial Health Plan card in their possession.

51. On arrival, the medical staff will screen and question each cadet to ensure that they are fit and to establish whether adequate treatment for controllable medical conditions can be provided during their stay. If after arrival at the CTC cadets are considered unfit for training because of non-disclosure of injuries, illness or special medical needs that would require excessive visits to the Medical Inspection Room (MIR), they may be sent home after the parent/guardian has been notified.

52. Cadets requiring prescription medication must bring sufficient medication to last for their entire stay at the CTC. Medications will be logged in and retained by CTC medical staff, together with dispensing instructions. Although proper dosages and frequency are supervised by CTC staff, cadets are expected to be aware of, and understand, their own medication

requirements. To ensure that the correct dose of medication is given in a timely manner, it is recommended that medications be brought in a seven-day “blister pack” available through local pharmacies. All medication must be in original packaging with the cadet’s name, dosing information and expiry date and must be accompanied with the completed Over the Counter (OTC) / Prescribed Medication and Administration form found at annex E. If prescription replenishment is likely to be required during the course, cadets must have in their possession the medication renewal prescription, the dosage, and sufficient funds to cover the cost of acquiring the medication. Canadian Forces Health Services will not pay for refilling prescriptions.

53. If a cadet takes allergy medication or some other over the counter medication on a regular basis for a chronic condition, parents are to ensure that they have completed and signed the Over the Counter (OTC) / Prescribed Medication and Administration form found at annex E which must be hand carried by the cadet to the medical staff for their intake parade.

54. Non-prescription medications such as aspirin or cough medicine shall not be brought to the CTC. If such medication is required, it will be provided through the Sick Bay / MIR at no cost to the cadet.

55. Cadets will not be allowed to take any medication or supplements that arrive at the training centre in packaging that is not from the manufacturer or having a legal pharmacy label on it. These labels must be in one of the official Canadian languages (French or English).

56. Cadets allergic to insect stings or who may be prone to severe allergic reactions/ anaphylaxis must bring their prescribed Anakit/auto injector with them. Parents must also ensure that the Anakit/auto injector has not passed its expiry date and will not expire while the cadet is at summer training.

57. Cadets with known medical conditions (diabetes, allergies, etc.) must wear a Medic-Alert bracelet/necklace while attending training. Cadets with Diabetes will be given special attention at camp and have limitations placed on them to ensure that they are safe and well. There have been instances where the cadet falsifies their blood sugar levels if this is discovered consideration will be given to returning the cadet home as soon as possible for their own safety and the safety of those around them. The limitations are outlined below but not limited to:

- a. Cadet requires follow up at the CTC MIR every second/third day (delete one)
- b. Cadet must be directed to the MIR if they become sick (headache, nausea, or vomiting or complain of any other medical symptoms; If this occurs after hours the cadet is to be assessed by a civilian Health care provider/ER.
- c. Cadet requires regular meals, access to snacks, water and rest.
- d. Cadet requires the opportunity to monitor his condition.

- e. Cadet requires medication on a regular basis and is self-regulating; and
- f. Cadet requires closer supervision.

58. Sick parade will be held daily for those cadets who require a medical consultation.

59. Eyeglasses, Lenses and frames are the personal property of the cadet. Cadets are responsible for the safety of their spectacles and to safeguard them against damage or loss. If the cadet has taken proper measures to safeguard the spectacles (i.e. using a retaining strap during adventure training), and they are broken or lost during training, DND may assist in repairing or replacing them as per CATO 16-07.

60. Cadets who during the course of the summer, suffer injury or illness, which would make them unable to continue their training and/or requires more than two or three visits for the same condition to the MIR may be returned home. In these cases, the Medical Officer or Senior Medical Authority will provide the parent/guardian such information as is permitted by law and regulation.

61. A frequent medical issue for cadets at CTCs is foot blisters and ingrown toe nails. These generally are a result of ill-fitting parade boots. With cadets growing rapidly in their teen years, often the cadet parade boot sizing is overlooked. Parents are encouraged to take a close look at these boots prior to sending their son/daughter to camp. If new boots are required that will need to be arranged through your home Corp/Squadron as replacements are not available at the CTC.

62. Emergency dental care is available in the event of accident or injury. No dental care beyond the emergency level is provided, including prophylactic care.

CELLULAR PHONES

63. Cadets are authorized to bring cellular telephones to the CTC. RCSU (Pac) and the CTCs will not be held liable for the loss/ damage or long distance charges associated with its use. Each CTC will advise cadets on the policy for securing and use of cellular telephones. If the cadet is unable to comply with the appropriate restrictions after two warnings, the cell phone will be sent home at the expense of the parent/guardian. Parents/Guardians are encouraged to discuss appropriate use of cell phones and social media with their cadet prior to departure. Cadets who do bring a cellular phone to the CTC will be subject to the following restrictions for its use:

- a. may only be used or possessed during non-training hours;
- b. use in washrooms and cadet quarters for photography, recording, or video function is strictly prohibited; and,

- c. any use of a cell phone must conform with the expectations detailed in the CTC Course/Staff Cadet Code of Conduct.

PERSONAL APPEARANCE

64. The standards of personal dress, appearance and grooming shall be such as to reflect credit on the individual and on the Canadian Cadet Organizations as a whole. Cadets are expected to ensure a standard of grooming consistent with military and cadet standards while participating in training.

DISCIPLINE

65. Regulations and standards have been developed to ensure the safety, efficiency and well-being of everyone. These requirements are not difficult to meet, and a willingness to abide by the rules will contribute greatly towards an enjoyable summer for all cadets. When regulations are ignored, it causes unreasonable hardship for both cadets and staff, and must be addressed through remedial or disciplinary action.

66. Upon arrival at the CTC, cadets are required to sign a Cadet Code of Conduct / Staff Cadet Code of Conduct declaration found at Annex F and G respectively in which they acknowledge the standards of conduct and behaviour expected of them while participating in training.

SMOKING, ALCOHOL AND DRUGS

67. All CTCs have a NO SMOKING policy for all cadets. Course cadets and staff cadets are not permitted to smoke either on or off the CTC property. If a cadet attends a training centre with a smoking addiction, parents are expected to provide their cadet with smoking cessation products.

68. Drugs, other than prescription medication, are forbidden as defined in the *Narcotics Control Act*, and in Parts 3 and 4 of the *Food and Drug Act*. This includes any other substance known to competent medical authorities as a drug, which if injected, consumed, or inhaled has the capacity to affect the normal functions of the mind or body.

69. Failure to adhere to the rules at the CTC may result in the cadet being “Return to Unit” (RTU) and/or referral to the appropriate authorities.

RETURN TO UNIT (RTU)

70. Return to unit (RTU) should be considered a measure of last recourse. As per CATO 13-26, cadets and staff cadets may be returned to unit under the following circumstances:

- a. medical reasons;
- b. does not meet age prerequisites;
- c. unable to meet the course prerequisites or standard;
- d. compassionate reasons;
- e. parents/guardians or the cadet request;
- f. misbehaviour; or
- g. unsatisfactory performance.

GRADUATION AND RETURNING HOME

71. Our CTCs conducts a full ceremonial review Graduation Parade at the conclusion of each two-, three- and six-week training serial. Parents and friends are welcome, and encouraged, to attend. Details are located in the applicable CTC annexes.

72. Cadets do not depart immediately following graduation parades. Pre-departure out-clearance procedures and transportation arrangements are planned well in advance of the scheduled departure dates. Further, due to the large number of cadets departing in a short time frame, a rigid departure plan must be maintained.

73. It is imperative that parents desiring an early departure with their son/daughter advise the applicable CTC. In order to expedite the process and in an attempt to reduce lengthy delays, parents/guardians are obliged to complete the Parental Pick-up Form found at annex I. Completed forms must be sent to RCSU Movements staff through the Corps/Squadron Commanding Officer/summer contact as soon as possible. If circumstances change, a substitute form may be sent by email, fax or mailed to the CTC, or arrangements may be made by telephone.

74. Parents, or those adults designated by parents as the person authorized by them to transport the cadet home, are obliged to ensure they have adequate identification on their person to indicate that they are indeed the parent or individual identified on the cadet's Parental Pick-up Form. CTC staff is obliged to exercise due diligence and not release a cadet to anyone's custody without the proper parental authorization and confirmation of identity.

CTC CONTACT INFORMATION

75. Postage deliveries and pickups occur daily at the Training Centres. Cadets desiring to mail letters should bring a supply of postage stamps. Additional stamps are available for

purchase at cadet canteens. Parents wishing to send mail to their son/daughter or to a Training Centre should refer to CTC contact information below. All mail should be annotated with the cadets' course, or simply annotated "Staff Cadet".

76. When contacting a CTC it's important to know that staff cadets are tasked in various capacities. In many cases, the first person you speak with may be a cadet versus a member of the adult staff. Please be respectful at all times when contacting a CTC. When requesting to speak with a member of the staff, please be aware that they may not be readily available by telephone. Staff will take a message and pass it along to a member who will return the call as soon as possible. In the event of an emergency, Training Centre staff will take all necessary action to contact the member.

RECORD OF VALUABLE ITEMS

Department / Course: _____

Last Name: _____ First Name: _____

I have brought the following items to _____ CTC:

Item	Serial #	Description (i.e. Make, Model, Colour)

Unless serial numbers and descriptions of personal items are properly recorded, it is almost impossible to identify items reported as lost, found or stolen. All cadets are required to record their names on their personal belongings and to record serial numbers and a description of their valuables.

I fully understand the responsibility of safeguarding my own private property and will assume responsibility for the loss of these items should they be lost, stolen, or damaged. Recording the description and serial numbers does not shift responsibility to Cadet Training Centre or the Canadian Cadet Organization.

If these items are lost, I will report their loss through my Chain of Command immediately. The Military Police will not become involved unless there is obvious Break-and-Enter.
